

# 2030 Agenda: Human Rights Imperative

# Changing context, geopolitics

# Inequality is a contemporary challenge

# Are SDGs transformative?

MDG	SDG	Human Rights
<p>Applied to developing countries, donor-beneficiary relationship</p>	<p>Universally applicable to all States and peoples, leave no one behind</p>	<p>Universal values, freedoms, dignity</p>
<p>Closed, technical process</p>	<p>Open &amp; participatory process</p>	<p>Legal guarantees, standards and principles</p>
<p>Reductionist 8 goals &amp; 20 targets, no human rights</p>	<p>17 goals and 167 targets (incl. freedoms, equality, non-discrimination)</p>	<p>Non-discrimination &amp; equality</p>
<p>Weak accountability, but fostered measurement</p>	<p>Data revolution, robust indicators, disaggregation</p>	<p>Immediate obligations &amp; progressive realization</p>
<p>Simple, communicable, but lacked outreach &amp; focused on 'low hanging fruits'</p>	<p>Means of implementation &amp; accountability are still weak</p>	<p>Right to Development Accountability, affirmative action, remedy</p>

# GAINS

- ✓ **Universality:** for all people and all countries
- ✓ **Freedom from want:** key ESCR dimensions
- ✓ **Freedom from fear:** key CPR dimensions
- ✓ **Equality:** leave no one behind and disaggregation
- ✓ **Policy Coherence:** the right to development
- ✓ **Accountability:** HRBA to monitoring and review

# RISKS

- “National law” opt-out (5.a & 16.10)
- SRHR, minorities, LGBTI, torture of adults
- Economic policy coherence
- Weak participation
- Weak monitoring
- Weak accountability
- Means of implementation

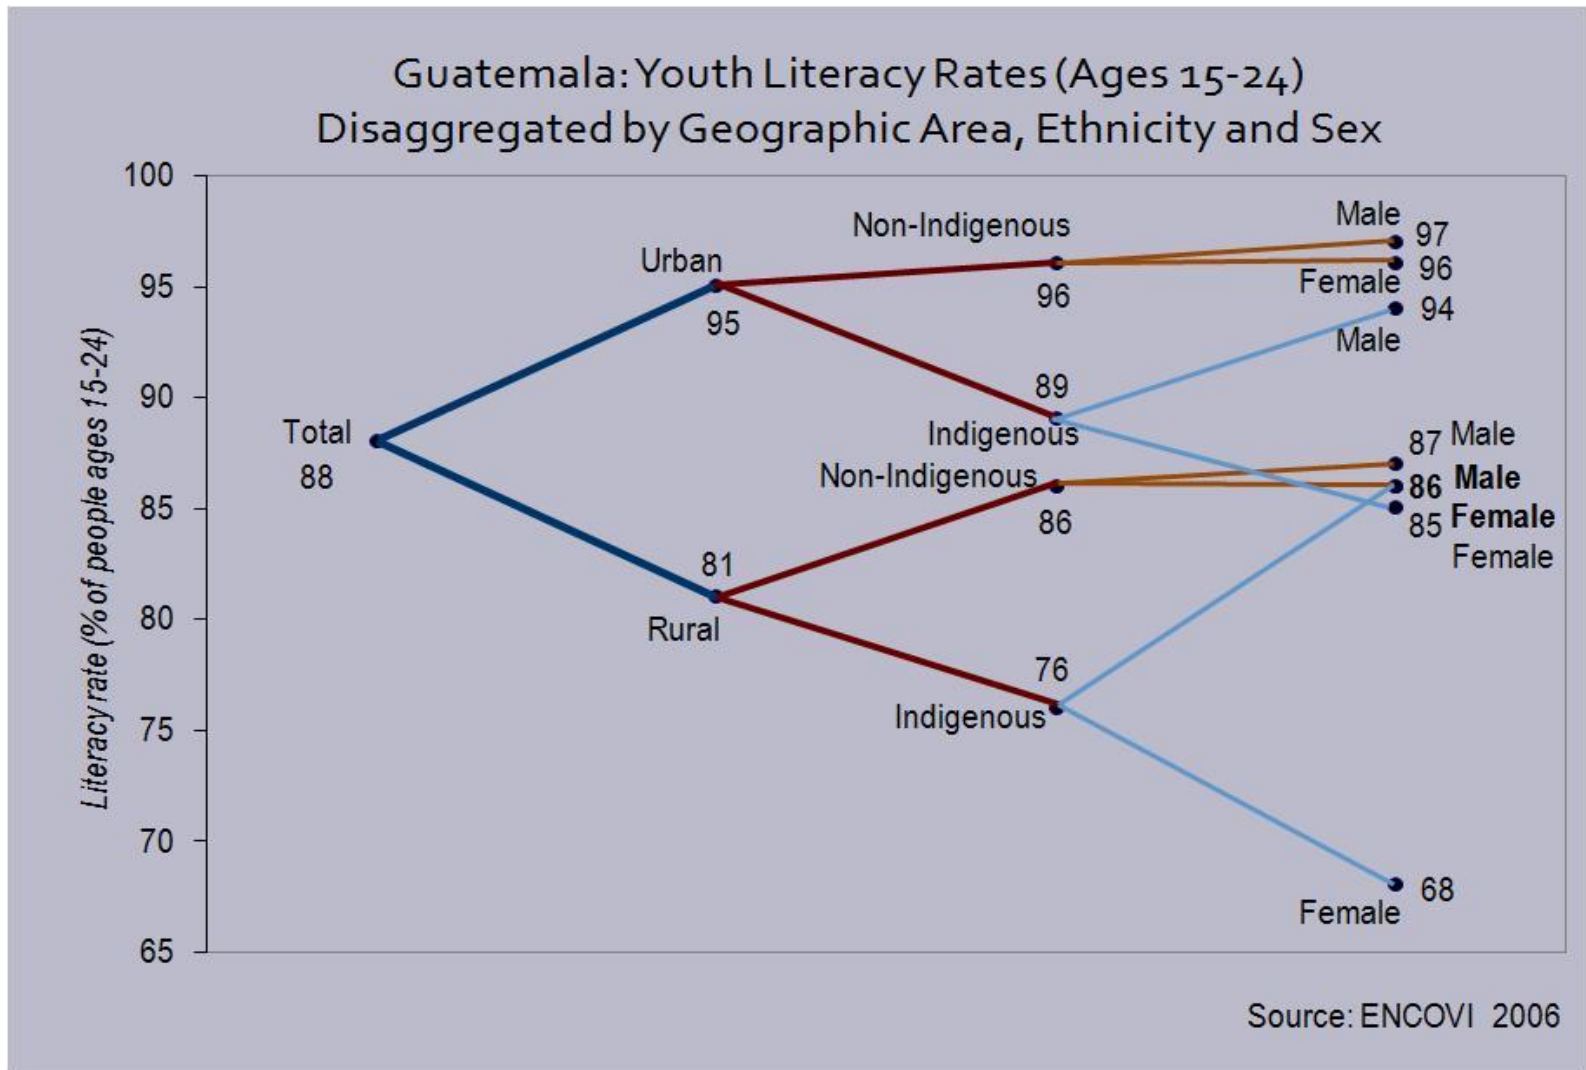

# What needs to be done?

- ✓ End discriminatory policies and laws as a matter of priority
- ✓ Prioritize the most excluded (use statistics, disaggregate, UHRI)
- ✓ Adopt process/progress indicators (disaggregate)
- ✓ Ensure universality - avoid “a la carte” approach
- ✓ Monitor and analyze government budgets
- ✓ Accountability: Responsibility, Answerability, Enforcement

# Example: multiple discrimination / disadvantaged groups

# Example: WHO/UNICEF JMP Methodology
